## Executive Protection Agent Job Description

The immediate task of our protection detail is to protect the physical well-being of the client. With this goal in mind, our personnel utilize proactive measures to identify and neutralize risks before they ever become a threat. The agents are chosen based on their high level of professionalism, not only in their appearance but also in their ability to recognize the need for discretion and confidentiality with our clients

In this role, the successful applicant will be responsible for adhering to Executive Protection protocol and executing the full suite of Executive Protection assignments in varying degrees.

In addition the successful applicant will be responsible for:

- To provide limited logistical support in regards to security for the client.
- Execute basic security functions, i.e., perimeter and access control, identification procedures, command post operations, patrolling, secure assets/property and post standing duties.
- Coordinate movements and logistics to support the client's itinerary.
- Execute proactive measures to insure the safety of the client, i.e. IED sweeps, research, and the collection of applicable information and intelligence, counter-surveillance

Successful applicant may be required to utilize personal vehicle to execute expected duties. Personal vehicle must be kept in good maintenance (no oil or fluid leaks, emission of smoke or fumes, or other issues that may cause vehicle to become non-operable during the shift).

Primary method of communication is via email, text messaging and phone. Applicants must maintain valid email and cell phone accounts.

### **REQUIRED QUALIFICATIONS:**

Must have 2 years verifiable prior Security Guard experience. Prior experience in Executive Protection is preferred.

Agents must maintain valid email and cell phone accounts and equipment.

Valid California Class C driver's license. Reliable transportation and valid car insurance.
